Acupuncture Liability Form

Insurance Disclaimer:

Not every insurance covers acupuncture service. It is your responsibility to confirm whether or not your insurance has acupuncture benefits. The claim to your insurance is directly billed under Jennifer Sun, Licensed acupuncturist.

Insurance Liability for Payment:

Your health insurance company will only pay for services to be “medically necessary”. Every effort will be made by this office to collect payments from your health insurance company. However, if your health insurance company determines that a particular service is not medically necessary, or that a particular service is not covered under the plan, your insurer will deny payment for that service.

Please note our office will only submit the claim once to your insurance carrier as a courtesy. If you are not covered, or if your insurance company denies, and/or if we do not receive payment from your insurance company, you are responsible for the payment of \$80.00 per session.

Beneficiary Agreement:

I understand that my health insurance company may deny payment for the service identified above for the reason stated. If my health insurance company does not make payment for services, I will be responsible for any co-payment, deductible, or coinsurance that applies.
